10.5Jumbo
Open Body

TUFF HITCHES

All steel box tube hitches and special purpose springs with a swivel tongue ensure that the sled runs smooth and straight.

With our sleds, we recommend a maximum safe speed of 45 mph.

TUFF BOTTOMS

1/4" of UHMW plastic provides both slipperiness, added protection and extra strength for the bottom. The 1" thick UHMW runners give the straight tracking required for safe control.

OPTIONAL EQUIPMENT

Ice Skegs	\$50 ea.
Front Locker	\$250
Stand-up Handrail	\$250
Rear Hitch	\$100

WE ALSO DO CUSTOM BUILT SLEDS, CHARGED BY TIME PLUS MATERIALS OR ROUGHLY \$250 A RUNNING FOOT.

PRICES SUBJECT TO CHANGE WITHOUT NOTICE
